SCIENCE AND TECHNOLOGY

Dialogs

- Dialogs allow you to display an overlay on top of your app screen
- Various dialog types are supported:
 - Alerts, Confirmations, Prompts, Logins and Action
- All dialogs allow options to enable configuration of the dialog
- Dialogs return promise objects that will deliver the result on resolution

Toast Messages

- Toast messages are short messages displayed as an overlay
 - Native to Android
 - Supported through external NPM modules in NativeScript
- Can configure the duration and position of the message
