Communication and Social Media

- Mobile devices come equipped with multiple means for communication
- Most mobile devices also come equipped with configuration various social media accounts
- Can we leverage the communication and social media access capabilities from within our Ionic application?

Communication Plugins

- Sending Email:
 - tns plugin add nativescript-email
 - email headers and body
- Calling a Number:
 - tns plugin add nativescript-phone
 - Configure and call number using the native phone dialer application
 - Also allows you to use the SMS features
- Sending SMS:
 - tns plugin add nativescript-messenger
 - Sending SMS from your applications

Social Media Plugins

- Social Sharing
 - tns plugin add nativescript-social-share
 - Enables sharing of text and images to various social media sites
- Various plugins enable connecting, logging in and authenticating on social media sites including Facebook, Google Plus, Twitter
